

HISTELCON 2026 Supporter Prospectus

HISTELCON (HISTory of ELectrotechnology CONference) 2026 will be held on 25–27 November 2026, at the Central Research Laboratory, Hitachi, Ltd., in Kokubunji, Tokyo, Japan, sponsored by IEEE Region 10 (Asia-Pacific), Region 7 (Canada), Region 8 (Europe, Middle East, and Africa), and Region 9 (Latin America and the Caribbean). The conference is expected to bring together researchers, educators, students, practitioners, technocrats, and policymakers from across academia, government, industry and non-governmental organizations to discuss, share and promote historical and current works and accomplishments across all aspects of electrical, electronic, and computer engineering, as well as information technology, under the conference theme of “Exploring History of Electro-Technologies World-Wide for Sustainable Progress.” Distinguished experts will be invited to deliver keynote speeches and invited talks on significant historical advances and trends in important technologies. The expected number of participants is 200 to 300 from all over the world.

We cordially invite you to partner with us and participate in this event through one of our partnership packages.
