

## The 2024 Second Meeting of Tokyo Section Executive Committee

On Friday, June 14th, from 3:00 PM, the 2024 2nd Tokyo Section Board of Directors meeting was held in the Toshiba Conference Room, with 22 participants (for the minutes, please refer to the link at the bottom of this page). Prior to the board meeting, we had the opportunity to tour the new R&D building “Innovation Palette” thanks to the courtesy of Toshiba corporation.

First, the minutes of the previous board meeting were reviewed and approved. Additionally, an interim financial report for the Tokyo Section in 2023 was presented. Following this, there was a report on the nomination of candidates for the 2025-2026 IEEE Tokyo Section officers and directors. The nomination process for the Tokyo Section officers from 2025 was conducted, and after careful deliberation based on the regulations, it was concluded that the candidates were suitable. Furthermore, activity reports from each committee and Affinity Group were presented, followed by a Q&A session.

In addition, there were reports on SIGHT (Special Interest Group on Humanitarian Technology), the preparation status for the 2024 IEW (Industry Engagement Workshop, formerly MAW) and R10 SYWL (Students, Young Professionals, Women In Engineering and Life Members), and the preparation status for the 2025 HTC (Humanitarian Technologies Conference).
