

# IEEE R10 HUMANITARIAN TECHNOLOGY CONFERENCE

September 29 to October 1, 2025

“Beyond SDGs – A New Humanitarian Era with Intelligent Partners – ”

The IEEE R10 HTC 2025, an esteemed annual conference spanning multiple disciplines, will convene distinguished experts from technology, engineering, science, and finance, as well as representatives from NGOs, governments, academia, and industry. The conference's primary objective is to promote dialogue and research in fields such as electrical engineering, communications, computing, security, and disaster relief, with an emphasis on sharing cutting-edge technological innovations that can benefit the underprivileged.

This notable event will feature plenary sessions, keynote speeches by renowned scholars, expert-led tutorials and workshops, research paper presentations, events focused on young professionals, a session dedicated to SDGs, ESG, and innovation, among other activities.

Organized and hosted by the IEEE Japan Council, IEEE R10 HTC 2025 will be held at Chiba University of Commerce, Japan, from September 29 to October 1, 2025. With the theme “Beyond SDGs – A New Humanitarian Era with Intelligent Partners,” the conference aims to underscore society's rising expectations for humanitarian technologies to deliver practical, enduring solutions. The three-day conference will be preceded by a special pre-conference session.
