Membership Development

Membership development (MD) plays a key role in ensuring the future growth of IEEE and its members. This page supports IEEE volunteers worldwide who are engaged in membership development activities. This suite of tools and resources is designed to give MD volunteers what they need to be successful.

Membership Development Kits

The Membership Development (MD) Kit contains various IEEE membership development materials to support your outreaches for recruiting new members, retaining those whose membership has lapsed, and recovering former members. Contents include membership and student recruitment brochures, information sheets, the MD Manual, promotional posters and giveaways.

Additional kits can be ordered throughout the year. Don’t forget to remove and recycle older membership development materials. You can also find electronic versions of these items on the portal where you can download and make copies for distribution at local events.

Please note: You will be required to create a username and password when accessing the portal for the first time.

Who can place orders for MD Kits?

MD Chairs and Student Branch Counselors or Advisors may place orders for the MD kits. If your section does not have a MD Chair, the kit can be ordered by the Section Chair. Only one order per section/student branch will be fulfilled. Multiple orders will not be authorized.

How long do orders take to arrive?

International orders require 4 weeks lead time. Domestic (U.S. and Canada) orders take 1-2 weeks lead time.
